Conditions/Needs Summary

- WI – Upper & lower fields
 - Used 8 months/year, 200 – 300 hours/month
 - Compacted soil, poor turf condition, bare spots, holes/ruts
- SH – Upper & lower fields
 - Compacted soil, poor turf condition, bare spots, holes/ruts
 - Track condition is good
 - Track & field event support space inadequate
 - Press box needs to be repaired
 - Insufficient storage/concession/restroom facilities
 - No lighting

Conditions/Needs Summary (continued)

- Other SH facilities
 - Tennis courts inadequate for match play
 - Baseball field lacks safety fence for outfield
- Peabody
 - Poor condition – currently supports 1 field
 - Capacity to support 2 fields
 - Subject to Army Corps of Engineers, DEC regulations
 - Work must be approved by State Education Dept.

Recommendations

- Current & planned facilities generally adequate relative to demand
 - Soccer fields will always be in short supply
 - Village recreation programs need more gym space
- Rehabilitation or replacement of WI & SH fields is top priority
 - WI
 - Upper field – Natural vs artificial turf with baseball/softball provision
 - Lower field – Natural vs artificial turf + walking track
 - SH
 - Main field – Natural vs artificial turf
 - Track & field support
 - Lighting
 - Concession/storage/restroom building
 - Press box repair
 - Tennis courts – Repair or plan to use new village courts
- Peabody Field – Consider expansion to 2 soccer fields in future
